# Fellow in Science Education

## Choose the qualification that suits you

The Fellow in Science Education comprises two separate qualifications. Choose the level of study that suits your personal career aspirations and fits in with your previous experience and qualifications.

- Study while you work
- Discuss the latest educational theories
- Share your experience with educators from around the world
- Gain HEA status, Associate (AHEA) or Fellow (FHEA)

### OUTSTANDING CREDENTIALS

The Science Education team boasts impressive credentials, with 3 members of staff having been given the prestigious National Teaching Fellow award. The National Teaching Fellowship Scheme (NTFS) celebrates outstanding achievement in learning and teaching in higher education.
